INSTANT TOOL-LESS CONNECTOR SYSTEM

Save time... save money... make customers happy!

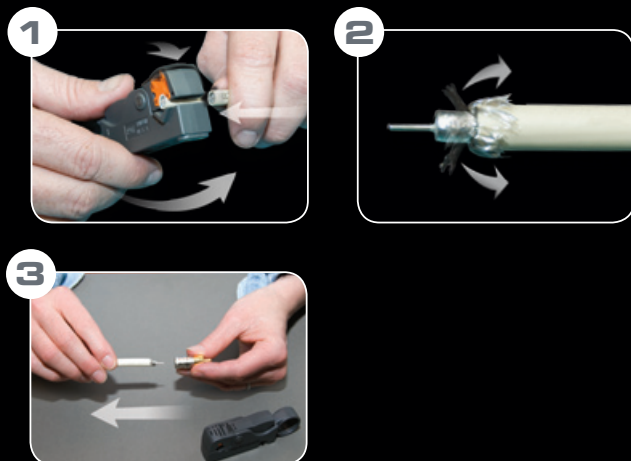

What more could you ask for?

Looking for a cure for clinical "compression"? The AudioQuest Instant Tool-less Connector System enables your team to make high-quality, performance audio and video connections. But you expect that from AudioQuest. What's important to note is that this connection can be made in the darkest recesses of your client's attic without crimping, or compression tools. And, in less time and with less chance of a return visit to that dark recess of your client's attic...

Less time.
Better connection.
Higher quality.
More profit for you!

It's this easy!

ITC connectors are available as:
ITC 18 | Fits most RG-6
ITC 20 | Fits most RG-59
ITC 24 | Fits most 24 AWG Coax

All in RCA, BNC and F versions

10 colors of color bands to help you identify cables.
